Military Lending Act Disclosure: Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable, to the credit transaction or account: The costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any applicable fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account). A "Covered Borrower" for purposes of this loan means a consumer who, at the time the consumer becomes obligated on this loan, is a covered member or a dependent of a covered member as defined by the Military Lending Act.
